

## LCM Diaconate Communion Setup Schedule

Here is the monthly Communion Setup Schedule.

### Process:

You will be responsible for preparing the Communion Table for 1st Sunday Holy Communion per the Schedule.

Please note that you cannot prepare the table a day or more before 1st Sunday as the church tenants use the table prior to our service. You must setup the table directly before our 12:00 noon service.

Our most recent members will be trained on the setup procedure (see schedule below). Please check that the Communion tablecloths and Sacrament trays are clean and ready for the month's use. Please seek assistance if you have any questions. Also on your assigned month please check that Baptismal towels and robes are clean and ready for the month's use.

Please put this schedule into your personal calendars. If you cannot perform the setup you should ask any member of the Diaconate to assist.
